Here are the questions I need answered for my form in order to find a new home for you cat.

Owners name and address

phone no

email

Cat's details

sex

age

colour

neutered?

Microchipped?

does your cat go outside

indoors only

can he/she use a catflap

general health history

any behavioural problem

used to children and likes or dislikes

used to dogs and likes or dislikes

outline of the reasons for rehoming

Any details you have of the breeder of the cat

may we give the breeder a courtesy call to let them know we are re-homing one of their cats?

May we advertise your cat on the OCA website?

What is your idea of an ideal home for your cat?

Are you able to give any help with regard to transportation to a new home?

If you can get the details back to me I will set the wheel into motion. I also send you a pack which explains how everything works and an adoption form for any new owners to sign. We do expect new owners to give a donation to our service.

Best wishes

Val
